In 1978, the National Art Association (NAEA) began the National Art Society (NAHS) program specifically for high school students grades 10-12, for the purpose of inspiring and recognizing those students who have shown an outstanding ability in art. The NAHS strives to aid members in working towards the attainment of the highest standards in art areas, and to bring art education to the attention of the school and community. For students to achieve high standards, art programs must maintain a substantive focus by choosing art content that includes complex problem-solving and higher order thinking skills, and serious alignment of curriculum, instruction, assessment, and professional development that results in students learning. The NAHS starts its 16th year with 474 chapters. The Sanger High School's chapters number is 2376. This is the first year for Sanger High School to have The National Art Honor Society.

This has been the most amazing year I have ever experienced as a coach. With such a young team, it was quite a roller coaster ride of ups & downs. Thankfully the ups out-weighted the downs. After losing 6 varsity players, so many people said this would be a rebuilding year for us, but these young ladies thought differently. And, with great leadership & a lot of hard work, we persevered, winning bi-district, making it into the area game. It was so much fun watching the pieces of this team come together. In the beginning, this team did not quite understand the true meaning of being a team. But gradually, they realized they were all there for the same reason.

With this team there was never a dull moment. They were a mischievous group, full of pranks, & lots of laughs, but I always knew that no matter the situation on the court, they would leave it all out on the floor. That says a lot about this team's character.

Thank you to the players on the varsity team. You taught me that it is possible to work hard, but still have fun, too. You were so coachable & so respectful that I could not wait for the opportunity to coach you again day after day. Good luck to all of you. I know that no matter what the odds or what the situation, you will always persevere.

TRENDS

These are the popular bracelets that everyone is wearing, including Livestrong, American Eagle (for battered women) and black ones for music.

Everyone is wearing flip-flops now that they are "legal" at school. It's about time.

We refer to these at the "fuzzy" boots. Mostly girls wear these, even with skirts.

JEANS WITH HOLES IN THEM ARE BACK! THE MORE HOLES, THE BETTER!

The bra strap necklace. Enough said...
